

Dear Mildred - I may get Mrs Beam
again I think only for a few days
I am just creeping around. But don't
worry. Dr De Young is good & Helen
comes every day & I'll have care. I
just need her till I get more strength
The letter came yesterday so I'll forward
it I forget what I wrote - Jim didn't
stop at Mesa - I had a nice letter from
Marian & she didn't mention him
Guess on such a long trip you can't plan
your stops as easy. Hope your 3-rooms
make a good showing - I don't have
any way to let Emery know & now I'll
just have to let him come &
make the best of it but I wish he
wasn't coming. When Mrs Beam
is here but maybe she'll be gone by
the 12th They said at the hospital that
the picture was fine & I was just
coming along O. K., course this shock won't
do better when I can -

no matter at all about the clock
